DECISION ON PETITION  
TO MAKE SPECIAL  
(ACCELERATED EXAMINATION)  
UNDER M.P.E.P. §708.02 (VIII)

This is a response to the renewed petition filed 12 July 2005, under 37 C.F.R. §1.102(d) and M.P.E.P. §708.02 (VIII): Accelerated Examination, to make the above-identified application special. The renewed petition was filed in response to a dismissal of the original petition filed 07 March 2005.

The Petition is **DENIED**.

M.P.E.P. §708.02, Section VIII which sets out the prerequisites for a grantable petition for Accelerated Examination under 37 C.F.R. §1.102(d) states in relevant part:

A new application (one which has not received any examination by the examiner) may be granted special status provided that applicant (and this term includes applicant's attorney or agent) complies with each of the following items:

- ...
- (e) Submits a detailed discussion of the references, which discussion points out, with the particularity required by 37 CFR 1.111 (b) and (c), how the claimed subject matter is patentable over the references.

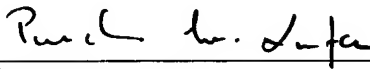

The original petition was dismissed for failing to meet requirement (e).

The renewed petition filed 12 July 2005 also fails to adequately meet requirement (e) of the criteria set forth above. The discussion of the references does not point out with the particularity required by 37 CFR 1.111(b) and (c) how the claimed subject matter is patentable over the references. The renewed petition identifies a first and second feature of independent claim 1 and a third and fourth feature of independent claim 11. However, in identifying these features, the discussion states that the references "fail to disclose or suggest [the identified features] *in combination* with the other limitations recited in the claims" (emphasis added). It is also stated in the discussion of each reference that the reference "does not disclose or suggest" the identified features for each

independent claim "*in combination* with the other limitations recited in each of the independent claims" (emphasis added). In effect, this statement indicates that the *entirety* of the two independent claims is not disclosed by the references purported to be most closely related. Such a statement is not a sufficient detailed description.

Petition to Make Special **DENIED**.

The application will be returned to the examiner's docket to await treatment on the merits in the normal order of examination.
